

Political Science Future Career Scope in India

India offers a wide range of career opportunities for political science graduates. The government sector, in particular, provides numerous job openings for those who wish to serve the nation and contribute to public welfare. The following are some of the top career options after graduation in political science:

Civil Services: As mentioned earlier, political science graduates can appear for UPSC examinations to join various Central Civil Services and Posts, including the IAS, IFS, IPS, and Central Services Group 'A' and 'B'.

State Civil Services: Political science graduates can also appear for state civil services examinations conducted by various state public service commissions to join state government services.

Government Departments: Political science graduates can find employment in various government departments, such as the Ministry of External Affairs, Ministry of Defence, Ministry of Home Affairs, and Ministry of Finance.

Research Institutes: Various research institutes in India offer jobs after graduation in political science.

How to Build Your Career in Political Science

Political science is a fascinating field that deals with the study of politics, government, and public policy. It examines the processes and institutions that shape the lives of individuals and communities, both locally and globally. If you are interested in pursuing a career in political science, here are some steps you can take:

Earn your degree: A bachelor's degree in political science or a related discipline is the minimum requirement for most careers in political science. A degree in political science will provide you with a strong foundation in political theory, comparative politics, international relations, public administration, and research methods.

Get an internship: An internship is a great way to gain practical experience and network with professionals in the field. You can look for internships in various sectors, such as government, non-governmental organizations (NGOs), think tanks, media, or advocacy groups.

Look for a paid political position: After gaining some experience and education, you can start looking for a paid political position that suits your qualifications and goals. There are many career options in political science, such as civil service, policy analysis, journalism, lobbying, diplomacy, teaching, or research.
